

Cisco Webex delivered by Lumen

Cloud-based tools for agile, mobile communication and collaboration.

Evolving innovations in infrastructure and applications demand that communication today is agile, mobile and collaborative. Cisco Webex delivered by Lumen makes instant communications and live meetings possible through a deeply integrated set of tools for an outstanding collaboration experience.

Cisco Webex delivered by Lumen is an app-centric, cloud-based service that provides a complete collaboration suite for teams to create, meet, message, call, whiteboard and share whether they're together or apart—in one continuous workstream before, during and after meetings.

Why Lumen and Cisco

Cisco Webex delivered by Lumen provides a holistic UC&C platform that integrates the secure and reliable Lumen network, hosting and communications architecture. By adopting a hosted solution, you can help minimize the complexity of managing a multi-vendor solution, leverage economies of scale to optimize costs and invest in a predictable billing model.

Cisco built the Cisco Webex platform to reimagine team collaboration and enable the digitization of the workplace by bringing together physical and virtual teams and enabling people to conduct their work activities regardless of location or device.

Simple

Cisco Webex delivered by Lumen is designed so that each activity makes the user and administrator experience simple and intuitive. It's easy to use and easy to manage. We deliver it on a simple subscription basis, so you can add services on demand, in the cloud or on-premises.

Secure

Our extensive experience securing many of the world's largest networks, combined with our communications and cloud expertise, helps ensure that Cisco Webex is secure and reliable.

Open

Webex APIs and integrations are key to helping you digitize your business. Take advantage of self-enabled integrations and bots, easy-to-use APIs and the ability to customize these to your existing processes and workstreams.

Efficient

Bring people together to create, communicate and collaborate in one continuous workstream before, during and after the meeting so teams can maximize efficiency, increase productivity and make better decisions faster.

Business messaging

Keep your finger on the pulse with persistent content and context in team messaging sessions and virtual spaces, with unlimited one-to-one or team messaging.

HD audio and video calls

Boost employee productivity with the ability to call anyone from virtually anywhere. You can seamlessly move conversations between mobile, desktop, room devices and back again. You will have common contacts, calendar and call history from mobile to desktop.

Key Features

Meetings

Meet physically and virtually — seamlessly

Messaging

1:1 and team persistent messaging and content

Calling

Cloud-based phone system

Meet. Message. Call.

Meetings

Bring teams together to create, communicate and collaborate in one continuous workflow before, during and after the meeting - across any mobile or video device. Invite others to join meetings from their desk, a branch office, at home or on the road.

Messaging

Businesses can exchange messages and share files with another person or a group of people. Message anyone using Cisco Webex. Simply choose a person from the company directory or enter an email address—including customers, partners and colleagues—then securely message them through Webex on a desktop or mobile device.

Calling

Cisco Webex delivered by Lumen allows you to make calls to any other Cisco Webex user in any company via SIP dialing, as well as calling regular landline and mobile phones via the PSTN. You can make and receive calls from a phone connected to the Cisco Webex service in the office or from the Cisco Webex app on your mobile phone or desktop.

Designed for the Way You Do Business

Cisco Webex delivered by Lumen takes your communications to the next level by providing a complete solution with one service and one experience for everyone.

- HD audio and video
- Conferencing
- File sharing
- Team messaging
